Welcome to our clinic!

Thank you for trusting us with your health care! We look forward to having you as a patient. It is important to find a clinic that is both compassionate and professional while still maintaining a relaxing environment. Our philosophy is "***Tenderness with Technology***" and we strive to deliver individualized care with state of the art equipment.

We are staffed by twelve providers: six Board Certified Obstetricians/Gynecologists, three Certified Nurse Midwives, two Certified Family Nurse Practitioners, and one Certified Women's Health Nurse Practitioner. While each of our providers strives to be available to their patients as needed, please be aware there may be times when you will need to see one of our other providers. All of our exam rooms are equipped with a state of the art ultrasound machine to ensure the highest quality of care. If you have health concerns that are out of our scope of practice, please be aware that we may refer you to the proper specialist to ensure you receive the best care possible.

We encourage you to follow our social media sites below and to look at our website, www.colwc.com, for additional clinic and health information.

Due to the nature of our practice, there can be daily situations that require schedule changes and/or a delay in your appointment time. Because our providers can be called out for a delivery at a moment's notice, please be prepared for a wait. Please note your appointment is scheduled for an allotted amount of time. Therefore, if there are multiple concerns you would like addressed, please prioritize them before arriving as you may be asked to make a follow-up appointment to continue our assessment & treatment.

***In order to ensure accurate records, we require paperwork to be updated frequently for all of our patients. Therefore, please fill out the enclosed forms in either blue or black ink and bring them to your appointment along with the following:**

- **Your insurance card(s)**
- **A picture ID**
- **Your insurance copay**
- **A list of all of your current medications including the name, strength, and dosage of each. Please ensure the correct spelling of your medications.**

This will help with the registration and check-in process. Please arrive at least 15 minutes early for your appointment.

Your appointment is on _____ at _____am/pm with _____.
