

Infertility Self-Pay Pricing

Thank you for choosing Circle of Life Women's Center for your infertility care. We understand the joy that having a baby can bring and we will do everything in our expertise to assist you in making this happen. Below are the various procedures done here in the office and their applicable self-pay prices. **Payment will be expected at the time of service.** If you choose to not have your insurance billed for infertility charges, we will still collect a copy of your insurance card(s) and information for any future billable visits.

Your infertility care will include:

Consultation:

The first initial visit is a consultation with your provider. Together you will go over your past history, your options, and then develop a treatment plan. It does not matter which day of your cycle this visit is scheduled.

The self-pay charge for an infertility consultation is \$125.00

Follicle Check:

Approximately on DAY 12 (Day 1 being the 1st day of your period), we will begin ultrasounds aimed at identifying ovulation and to help determine the optimal time for conception.

The self-pay charge for a follicle check (ultrasound) is \$125.00 for each visit

Artificial Insemination:

Artificial insemination is done at the office. The washing process takes approximately 30 minutes and the insemination process takes an additional 30 minutes. If you bring in donor sperm that has already been prepared, the washing process will not be needed.

The self-pay charge for a sperm wash is \$75.00

The self-pay charge for an insemination is \$140.00

The self-pay charge if a sample is already prepared is \$140.00

Additional Charges and Procedures:

These procedures are only done if recommended by your provider.

The self-pay charge for a HCG injection is \$25.00 each injection (medication not included)

The self-pay charge for a SHSG procedure is \$390.00
